January 28, 2022

Dear Merritt Academy Families,

In an effort to keep our families informed we had four elementary/preschool staff or students, one middle school staff/students, zero high school students, and one staff that sees k-12 students test positive for COVID-19 this week.

We continue to work closely with the Macomb County Health Department and the district is following their guidelines and protocols. The guidelines requires schools to notify parents of positive cases in their child’s classroom and parents to monitor their children for symptoms. A student or staff member that tests positive for COVID-19 must also isolate for five days at home and mask on days six-ten.

Please contact an administrator if you have any questions or concerns.
